

Bruck an der Leitha, March 16th 2007

Dear Scouts of ...!

The Scouts of Bruck an der Leitha are eager to invite you to our celebration of 100 years of the Scouting idea. This celebration is going to take place as a one day event in the city centre of Bruck/Leitha with the participation of groups in the region of our home town coming from Slovakia, Hungary and Austria. Bruck an der Leitha quite literally lies in the centre of Vienna, Bratislava and the Hungarian border. Nearly every train heading for Slovakia or Hungary stops here, still – in many people's heads the so called East is quite a long way to go. In order to decrease these barriers and to show up that the idea of Scouting is an international one, we are organizing an event, which aims at bringing together Scouts and connecting them to the local population. And this is not all: we will play together, learn and have a common experience! We want to have fun and reduce prejudice and reservation.

The event will take place the whole day on Saturday, September 29th 2007. If you like, you can also come and/or leave one day earlier resp. later. The programme is intended for youngsters and grown-ups starting at the age of 13. There will also be workshops, where each group will get the chance to present itself in a specified manner. More details will follow at the end of April.

In case that you still have any questions until then, do not hesitate to contact us! We would appreciate it if you could do this in English or German.

We hope to have aroused interest and to welcome you in September in Bruck/Leitha. The registration deadline is on June, 29th 2007.

Happy Scouting!
